

*Hope Grows*  
*A Victorian Tea*

Dear Friend of Hope Grows,

Hope Grows is proud to announce its 2<sup>nd</sup> Annual benefit event, A Victorian Tea, an empowering and energetic day of conversation about engaging the community with conversation about caring for others. The benefit will be held on Sunday, May 3, 2015 from 1:00 pm to 3:30 pm at the Club at Shadow Lakes in Aliquippa, PA. A past sell-out event, this year we expect to host 150 brunch-eating, hat-wearing, auction-going charitable tea-party goers.

We invite your organization to partner with Hope Grows by sponsoring this unique event that our first year raised over \$5,000.00. With a drive and determination to reach higher, we can only achieve our goals with the help of the larger caregiver communities and business leaders like you. We all share the wish to make a difference for caregivers in our community and together we can do even better.

Don't miss this opportunity to promote your business or organization while helping caregivers in need of counseling, education, and support.

Thank you for considering the attached proposal for sponsorship, and for your interest in Hope Grows. Additionally, to purchase tickets please contact Liz Morrison at [lmorrison@hopegrows.net](mailto:lmorrison@hopegrows.net) or refer to the attached sponsorship form. Please don't hesitate to call us about how you can help support caregivers through 'A Victorian Tea'. We look forward to talking to you!

Sincerely,

Lisa Story, MSCP, LPC, CT

# Hope Grows *A Victorian Tea*

## *About Us*

### *Our mission:*

Hope Grows mission is to restore the lives of those impacted by the role of caregiver by inspiring wellness of mind, body, and spirit through the use of counseling, education, overnight retreats, supportive services, and healing and restorative gardens.

### *Our vision:*

The vision of Hope Grows is to be the leader in caregiver wellness in the region, cultivating ways for caregivers to cope with the challenges and demands of the caregiver role, restoring their lives and inspiring wellness of mind, body, and spirit.

95 out of 100 people

“Are a Caregiver”

“Were a Caregiver”

“Know of a Caregiver”

Caregivers who experience strain are 63% more likely to die than non-caregivers.  
Caregivers are predominately female, spend on average 20 hours per week providing care, and report fair to poor health the longer care is provided.

*“LET’S GET THE CONVERSATION GOING ABOUT CARING FOR THE CAREGIVER”*
